

DeltaPSU Product Notice

Delta Industrial Power Supply Product Change Notice

1. According to CCC requirement, the CCC mark on standard industrial power supply models product label has to be removed. This is as a result of the production location change from Delta Wujiang factory to Delta Dongguan factory.

For more details related to CCC mark requirements, please refer to the "[Frequently Asked Questions](#)" section on the [DeltaPSU](#) website.

2. Starting 1st January 2023, all products sold into UK must carry the UKCA mark. Delta standard industrial power supply series will be updated to meet this requirement. The updated datasheets are now available on [DeltaPSU](#) website.

Model list:

DeltaPSU Product Notice

Revised product spec label:

1. Add UKCA mark and remove CCC mark.
2. Change production factory - Delta Wujiang Factory (DCWP) to Delta Dongguan Factory (DCGP)
