Delta Chrome DIN Rail Power Supply Series is Now Available in 60W with 24V Output Voltage

CHROME

DRC-24V60W1AZ (24V 60W POWER SUPPLY)

SAFETY APPROVALS

FEATURES

Delta Electronics extends its Chrome DIN rail power supply series with a 60W product offering 24V output voltage. The Class II double isolation power supply is designed for use in compact cabinets. The [DRC-24V60W1AZ](#) requires less installation space with its compact body measuring only 55.6mm thick and 91mm tall. The design not only does not require earth connection, it also has very low leakage current and is thus especially useful for home automations and the food and beverage industry.

Highlights & Features

- Protection Class II, Double Isolation (No Earth connection is required)
- Universal AC input voltage and full power up to 55°C
- High Efficiency > 88.0%
- NEC Class 2 / Limited Power Source (LPS) certified
- Overvoltage / Overcurrent / Over Temperature Protections
- International safety approvals to ITE and Industrial standards
